

Audit Committee Charter

Amended by the Board the 4th day of March, 2021.

Organization

The Board of Directors (the “Board”) of SP Plus Corporation (the “Company”) shall appoint annually an audit committee (the “Committee”) composed of not less than three non-employee, independent members of the Board, *i.e.*, those directors who neither are officers or employees of the Company or its subsidiaries nor have a relationship which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, and each of whom is otherwise “independent” under the rules of The Nasdaq Stock Market, Inc. (“Nasdaq”) and Exchange Act Rule 10A-3 of the Securities and Exchange Commission (“SEC”).

The Board, by resolution of a majority of the directors, shall appoint (and may remove) the members of the Committee. All members of the Committee must be able to read and understand fundamental financial statements, including a company’s balance sheet, income statement, and cash flow statement. The Committee shall determine that at least one member is an “audit committee financial expert,” as defined by Item 407(d)(5) of SEC Regulation S-K.

The Board, by resolution of a majority of the directors, shall designate one member of the Committee to act as the Chair of the Committee (the “Chair”). The Committee member so designated shall (i) chair all the meetings of the Committee; and (ii) perform such other activities as from time to time are requested by the other directors or as circumstances indicate.

The Committee shall serve at the discretion of the Board, and the Board shall have the power at any time to change the membership of the Committee and to fill vacancies on the Committee, subject to the independence, experience and financial expertise requirements referred to above.

Meetings

The Committee will ordinarily meet at least quarterly each year, generally in advance of the release of quarterly financial statements, and at any additional time as either the Board or the members of the Committee deem necessary. In addition, the Committee will separately meet on a periodic basis with management, the director of the internal auditing department and the independent registered public accounting firm (the “independent auditor”) to discuss any matters that the Committee or any of these persons or firms believes should be discussed. The Committee may request any officer or employee of the Company or the Company’s outside counsel or independent auditor to attend a meeting of the Committee or to meet with any members of, or consultants to, the Committee. The Chair has the power to call a Committee meeting whenever he or she determines there is a need. Meetings will follow an agenda and approved minutes of the meeting will be maintained and distributed to each director of the Company after each meeting. The Committee will require that the independent accountants be available to meet with the full Board at least annually. The operation of the Committee shall be subject to the bylaws of the Company as in effect from time to time, the Delaware General Corporation Law, the rules and regulations of the SEC and the listing standards of Nasdaq, each as in effect from time to time.

The Committee shall meet in separate executive sessions following each Committee meeting. During at least some portion of each executive session, no non-Committee member or member of the Company’s management shall be present.

Purpose

The primary function of the Committee is to assist and guide the Board in fulfilling its oversight responsibilities to the Company’s stockholders with respect to (i) the Company’s corporate accounting and financial reporting practices; (ii) the Company’s compliance with legal and regulatory requirements; (iii) the independent auditor qualifications and independence; (iv) the performance of the Company’s internal audit function and independent auditor; (v) the quality and integrity of the Company’s financial statements and reports; (vi) reviewing and approving all professional services and terms, as well as all non-audit services with the independent auditor; (vii) producing the committee report that the SEC rules require be included in the

Company's annual proxy statement; (viii) oversight of the Company's Code of Business Conduct and Ethics as applied to the Company's directors and executive officers; and (ix) reviewing and approving the Company's decision to enter into swaps. In discharging these obligations, the Committee shall maintain and foster an open avenue of communication between the Committee and the independent auditor, the Company's financial management and director of internal audits.

Oversight of the Independent Auditor

The management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements. Management is responsible for maintaining appropriate accounting and financial reporting principles and policies and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations and Internal Audit is responsible for assessing the design and effectiveness of the Company's internal control over financial reporting to support management's certification to its control environment. The independent auditor is responsible for planning and carrying out a proper audit of the Company's annual financial statements, reviews of the Company's quarterly financial statements prior to the filing of each quarterly report on Form 10-Q and other procedures. In fulfilling their responsibilities hereunder, it is recognized that members of the Committee are not employees of the Company and are not, and do not represent themselves to be, performing the functions of auditors or accountants. As such, it is not the duty or responsibility of the Committee or its members to conduct "field work" or other types of auditing or accounting reviews or procedures or to set auditor independence standards.

The independent auditor for the Company is accountable to the Board and the Committee, and shall report directly to the Committee. The Committee is directly responsible for the appointment, fees for professional services, retention and oversight of the work of the independent auditor (including resolving disagreements between management and the independent auditor regarding financial reporting).

The independent auditor shall submit to and discuss with the Committee annually a formal written statement describing (a) the independent auditor internal quality-control procedures; (b) any material issues raised by the most recent internal quality control review or peer review of the independent auditor, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the independent auditor, and any steps taken to deal with any such issues; and (c) (to assess the independent auditor's independence) all relationships between the independent auditor and the Company, including each non-audit service provided to the Company and the matters set forth in the applicable requirements of the Public Accounting Oversight Board. In addition, the independent auditor shall submit to the Committee annually a formal written statement of the aggregate fees for professional services for each of the last two fiscal years, including a breakdown of fees by category and description of the nature of such services.

Duties and Responsibilities

In fulfilling its responsibilities, the Committee believes that its functions and procedures should remain flexible in order to address changing conditions most effectively. To carry out its purposes, the Committee shall have the following responsibilities, duties and powers:

1. With respect to independent auditor,

(a) Decide whether to appoint, retain or terminate the Company's independent auditor, including sole authority to approve fees for professional services and terms, including scope, extent and procedures of the audit and to pre-approve all audit-related and non-audit services to be provided by the independent auditor and to consider whether the outside independent auditor's provision of non-audit services to the Company is compatible with maintaining the independence of the independent auditor. The Committee shall monitor and evaluate the independent auditor's qualifications, performance and independence on an ongoing basis, and shall be directly responsible for overseeing the work of the independent auditor (including resolving disagreements between management and the independent auditor regarding financial reporting). In conducting such evaluations, the Committee shall:

- Evaluate, together with the Board, the qualifications, performance, and independence of the independent auditor and the lead audit partner and, if so determined by the Committee, recommend that the Board replace the independent auditor firm or the lead partner;
- Review the opinions of management and the Company's internal auditors in assessing the independent auditor's qualifications, performance and independence;
- Discuss with management the timing and process for implementing the rotation of the lead audit partner and the reviewing partner, which rotation must occur not less than once every five years, and consider whether there should be a regular rotation of the independent auditor itself; and

- Ensure that the independent auditor prepares and delivers annually the statement that delineates all relationships between the independent auditor and the Company and any other items that may be required by the matters set forth in the applicable requirements of the Public Company Accounting Oversight Board (it being understood that the independent auditor is responsible for the accuracy and completeness of the statement), review such statement, discuss with the independent auditor any relationships or services disclosed (such as the provision of non-audit related services) in the statement that may impact the quality of the audit services or the objectivity and independence of the Company's independent auditor;
- (b) Confer with the independent auditor and senior management of the Company regarding the scope, adequacy and effectiveness of internal accounting and financial reporting controls;
- (c) Discuss with the independent auditor the results of the annual audit, including any critical audit matters arising from the current period audit, the independent auditor's assessment of the quality and potential conservatism, not just acceptability, of accounting principles, the reasonableness of significant judgments, the nature of significant risks and exposures, the adequacy of the disclosures in the financial statements, and any other matters required to be communicated to the Committee by the independent auditor under generally accepted accounting standards; and
- (d) Obtain from the independent auditor in connection with any audit a timely report relating to the Company's annual audited financial statements describing all critical accounting policies and practices to be used, all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditor, and any material written communications between the independent auditor and management, such as any "management comment letter" or schedule of unadjusted differences.
2. With respect to the internal accounting and internal audit departments,
- (a) Evaluate the cooperation received by the independent auditor during their audit examination, including any restrictions on the scope of their activities or access to required records, data and information;
- (b) As necessary, review the appointment or replacement of the chief accounting officer; and
- (c) Review summaries of and, as appropriate, the significant reports to management prepared by the internal audit department and management's responses thereto.
3. With respect to financial reporting principles and polices and internal controls and procedures,
- (a) Consider and discuss with the independent auditor any reports or communications (and management's and/or the internal audit department's responses thereto) submitted to the Committee by the independent auditor required by applicable accounting standards;
- (b) Confer with the independent auditor, the director of internal audit and senior management in separate executive sessions to discuss any matters that the Committee, the independent auditor, the director of internal audit or senior management believe should be discussed privately with the Committee;
- (c) Review with the Company's Chief Legal Officer any significant legal, compliance or regulatory matters that could have a material impact on the Company's financial statements or the Company's business, financial statements or compliance policies, including material notices to or inquiries received from governmental agencies;
- (d) Review procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and for the confidential, anonymous submission by Company employees of concerns regarding questionable accounting or financial reporting matters;
- (e) Investigate any matter brought to the attention of the Committee within the scope of its duties, with the power to retain outside counsel and a separate accounting firm for this purpose if, in the judgment of the Committee, such investigation or retention is necessary or appropriate;
- (f) Discuss the types of financial information and earnings guidance, and the types of presentations made, to analysts and rating agencies;
- (g) Review hiring policies for employees and former employees of the independent auditor;
- (h) Review the appointment and replacement of the director of internal audit who shall report to the Committee;

- (i) Discuss with the independent auditor and the director of internal audit responsibilities, budget and staffing and any recommendations regarding the internal audit department;
- (j) Discuss earnings press releases;
- (k) Review and discuss with management the Company's major risk exposures, including financial, operational, privacy, security, business continuity, and legal and regulatory risks, the steps the Company has taken to monitor and control such exposures, and the Company's financial risk assessment and risk management policies; and regularly report to the Board the substance of such reviews and discussions;
- (l) Discuss the Company's tax strategies and tax exposures; and
- (m) Review and approve the Company's policies and decisions regarding the proposed use of the "end-user" exception from the mandatory clearing and exchange trading requirements for certain swaps under the Commodity Exchange Act. The Committee will review these policies at least annually and, as appropriate, more often based upon the extent of the Company's swaps activities, if any, or a change in the types of swaps, if any, used by the Company; provided, however, that said review and approval may occur at least annually on a general basis and does not need to occur on a swap-by-swap basis.

4. With respect to reporting and recommendations,

- (a) Review the report of the Committee required by SEC rules to be included in the Company's annual proxy statement;
- (b) Review and recommend to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K;
- (c) Review and assess the adequacy of this charter annually and recommend any proposed changes to the Board for approval;
- (d) Review with the Board an annual performance evaluation of the Committee, prepared with Committee oversight, which evaluation must compare the performance of the Committee with the requirements of this Charter. The performance evaluation shall be conducted in such a manner as the Committee deems appropriate. Any member of the Committee may present the evaluation to the Board either orally or in writing;
- (e) Report to the Board on a regular basis and from time to time or whenever it shall be called upon to do so, and make such recommendations with respect to the above and other matters as the Committee may deem necessary or appropriate;
- (f) Consider any reports submitted by the independent auditor required by any applicable law or regulation;
- (g) Meet with management, the independent auditor and the chief financial officer, the chief accounting officer and director of internal audit to discuss:
 - the scope of the annual audit, the audited financial statements and quarterly financial statements, including the Company's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations";
 - any significant matters arising from any audit, including any audit problems or difficulties, whether raised by management, the internal auditing department or the independent auditor, relating to the Company's financial statements;
 - any major issues regarding accounting principles and financial statement presentations, including any significant changes to the Company's accounting principles, policies, controls, procedures and practices;
 - analyses prepared by management and/or the independent auditor setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including analyses of the effects of alternative GAAP methods on the financial statements; and
 - the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements of the Company;

- (h) Review with the Company's chief executive officer, chief financial officer and chief accounting officer any significant deficiencies in the design or operation of internal controls that could adversely affect the Company's ability to record, process, summarize and report financial data, any material weaknesses in internal controls, and any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal controls; and
5. With respect to the Code of Business Conduct (the "Code of Conduct") and the Related Party Transaction Policy,
- (a) Periodically review the Code of Conduct applicable to the Company's directors, officers and employees [and recommend any changes to the Board];
- (b) Review all requests for waivers of the Code of Conduct involving directors, executive officers, and senior financial advisors as defined in the Code of Conduct and make recommendations to the Board as to whether it should approve any such request;
- (c) Review with Company personnel the Company's programs designed to ensure compliance with the Company's Code of Conduct;
- (d) Periodically review the Company's Related Party Transaction Policy; and
- (e) Review potential conflict of interest situations and related party transactions in accordance with the Company's Related Party Transaction Policy and approve all transactions required to be disclosed under Item 404 of Regulation S-K.
6. Perform such other functions as assigned by the Board and to have such powers as may be necessary or appropriate in the efficient and lawful discharge of the foregoing.

Resources and Authority

The Committee shall have the resources and authority appropriate to discharge its duties and responsibilities, including the authority to select, retain, terminate, and approve the fees and other retention terms of external counsel or other experts or consultants, as it deems appropriate, without seeking approval of the Board or management. The Committee shall receive appropriate funding from the Company, as determined by the Committee, for payment of compensation to the independent auditor and other advisors retained by the Committee and ordinary administrative expenses of the Committee that are necessary or appropriate to carrying out its duties.

Except as expressly provided in this Charter or the bylaws of the Company, or as otherwise provided by law or the requirements of Nasdaq, the Committee shall fix its own rules of procedure. The Committee may form and delegate authority to a subcommittee or any member of the Committee when appropriate. Without limiting the generality of the foregoing, the Committee may, in its discretion, delegate to one or more of its members the authority to pre-approve any audit, audit-related or non-audit services to be performed by the independent auditor, provided that any such approvals are presented to the Audit Committee at its next scheduled meeting.

Minutes and Reports

Minutes of each meeting will be kept and distributed to each member of the Committee, members of the Board who are not members of the Committee, and the Secretary of the Company. The Committee shall report a summary of the actions taken at each Committee meeting, which shall be presented to the Board at the next Board meeting.
